WELCOME TO IVY LEAGUE *Allstars*

AN INTRO TO CHEER & DANCE

The fields of Allstar Cheerleading and Dance combine both the discipline and competitive nature of international sport, with the expression and heart that only performance can achieve. These two artforms are often intertwined, and so classes in both disciplines are offered at **Ivy League**

CHEERLEADING

Cheerleading involves an array of stunts, tumble, jumps and dance. Training teams for these classes also include physical conditioning and team bonding exercises.

DANCE

Ivy League offers a range of dance classes such as Jazz, Pom, Hip Hop, Contemporary, Ballet, and Tap - all with a focus on perfecting technique in a nurturing environment.

So, why choose IVY LEAGUE?

At **Ivy League Allstars** we strive to always Succeed with Dignity. We encourage our students to be well-rounded in all aspects of their lives. We highlight the importance of family and positive relationships around us and aim to provide an innovative, safe, and enriching environment for all of our athletes.

As a Studio, we aspire to be at the forefront of emerging technique and skills. All of our coaches and teachers are professionally trained and highly regarded in their fields. They are also active students in their chosen pathways - because there is always more room for growth!

Ivy League Allstars is led by **Director Karina Canete**. A dedicated student herself, Karina brings with her an impressive 20 years of experience across both Cheer and Dance. A fully qualified teacher, she holds a Bachelor of Arts, and a Masters of Teaching from Western Sydney University.

Credentialed to Level 6, Karina has had previous experience as a Director of Cheer for a previous gym prior to launching her own program. She has won numerous National and International titles (both as an athlete and as a coach), has led Summit, Pinnacle and other bid winning teams, and has personally competed at NDA in Dallas, Texas. Alongside her teams, she has claimed a number of accolades with Ivy League Allstars, including multiple AASCF National Grand Champion, CheerCon National Grand Champion, and CheerBrandz National Grand Champion titles over the last 4 years.

Karina is also the proud business owner of **Ivy League Tutoring**, a program dedicated to ensuring an individualistic approach to learning that recognises that all students learn differently. Is it this mindset that she has proudly adopted within the Allstars studio.

- Reward Systems to celebrate achievements - both at the studio and at school.
- Coaches with both National and International titles, and university qualifications to boot!
- Seminars, Masterclasses and other educational opportunities sporadically offered.
- A dedicated program to help develop and guide aspiring coaches and future judges.
- Affordable packages for all families.
- Innovative technique, choreography and approach, paving the way for future growth.
- An environment and experience unlike any other in Western Sydney & the Blue Mountains.

There's more?!/

Director's note

A MESSAGE FROM KARINA

At Ivy League, our team has a life goal to inspire others and help them to constantly strive to be the best versions of themselves. Not just in cheer and dance, but in all aspects of their lives. We are inclusive of all people, and celebrate their achievements no matter how big... or how small.

A wise person once reminded me to "*Succeed With Dignity*." This statement, which has become our motto, reminds us to work hard for our successes, but remain humble, respectful, and kind.

As a studio, we will instil this mentality to all of our students, and create a family that is ready to embark into the world with pride.

Ivy League Allstars takes great pride in ensuring that we can provide specialised training and programs for athletes with a range of disabilities - bringing the sport we love to everyone who is willing to have a go!

In conjunction with our incredible coaches and non-adaptive athletes, both our CheerAbility and DanceAbility pathways allow athletes with a range of disabilities to participate in our sport in both **Unified (with non-adaptive athletes)** and **Independent (adaptive athletes only)** divisions.

In 2026, we are aiming to expand our program further with the following projected Competitive teams:

Ivy League Allstars is not a registered NDIS service provider, however, eligible athletes may receive funding for their participation in our All-Abilities program if you are Self or Plan Managed. Our Program Director, Karina Canete, has experience with the NDIS funding processes and is happy to work through this with you.
